

Sturgeon City of Jacksonville NC

Science Program Expansion

[Sturgeon City of Jacksonville NC](#) will use the Ribbon of Hope grant funds to expand their hands-on learning opportunities for K-12 students in Onslow County. The program addresses students' educational needs for integrated, science learning. Grant objectives include program participants learning how fun science can be through hands-on activities and learning how to relate science to their everyday lives. The program will be sharing possible science careers and increase the reach of the Teen Science Cafe' and Camp Sturgeon.
