

Vollis Simpson Whirligig Park and Museum

Kinetic Connections, a STEAM-based professional development program proposed by The [Vollis Simpson Whirligig Park and Museum](#), will help educators build capacity to present hands-on, standards, and arts-based experiences on energy conservation and transfer. Professional development curriculum will be created to reach 6th - 8th grade science and arts educators, and marketed to ten new rural eastern NC counties, Halifax, Martin, Pitt, Lenoir, Duplin, Onslow, Beaufort, Bertie, Jones, and Craven.
